

What is the meaning of the CONTROL BOARD logo?

The Control Board is the control and certification organization defined in Regulation (CEE) 2081/92.

The primary mission of the Regulatory Board is to apply the provisions of this Regulation and ensure its compliance. The Regulatory Board will verify compliance with the established standards and the certification of conformity of the olive oil, according to standard EN 45.011, mentioned in Article 10 of Regulation (CEE) 2081/92.
